CORE SKILLS

- CAD Design (AutoCAD, SolidWorks)
- Product Development & Testing
- Quality Control & Assurance
- Thermal & Fluid Mechanics
- Lean Manufacturing Principles
- Project Coordination
- Root Cause Analysis
- Technical Documentation

KNOWN LANGUAGES

English (Fluent),  
Malayalam (Native),  
Hindi (Conversational)

ACHIEVEMENTS

- Certified SolidWorks Professional (CSWP)
- Lean Six Sigma Green Belt
- Best Project Design Award – Bosch India

VIKRAM NAIR  
Mechanical Engineer

ABOUT ME

Analytical and results-Oriented mechanical engineer with 6 years of experience in product design, Quality assurance, And process optimization. Strong background in CAD modeling, Thermal systems, And manufacturing processes.

CORE EXPERIENCE

Mechanical Engineer

Bosch India Ltd. – Coimbatore  
April 2019 – Present

- Designed mechanical components and assemblies using SolidWorks.
- Conducted performance testing and implemented design improvements.
- Collaborated with cross-Functional teams for new product launches.

Junior Engineer

Ashok Leland – Chennai  
July 2016 – March 2019

- Assisted in engine design optimization and process improvements.

CAREER HISTORY

Bachelor of Engineering in Mechanical Engineering  
NIT Tricky  
2012 – 2016

INTEREST

3D printing, Mechanical simulations, And sustainability-Driven design innovation
